# NEWSLETTER

Volume 12 No. 47

May 2002

**TO:** Physicians, Certified Nurse Midwives, Certified Nurse Practitioners/Clinical Nurse Specialists, Independent Clinics, and Federally Qualified Health Centers– **For Action**  
Health Maintenance Organizations – **For Information Only**

**SUBJECT:** Revised List of Approved Practitioner-Administered Drugs

**EFFECTIVE:**

1. **Additions;** Effective for Claims with Dates of Service on or after **January 1, 2002**
2. **Deletions;** Effective for Claims with Dates of Service on or after **July 1, 2002**
3. **Change in reimbursement** for Claims with Dates of Service on or after **July 1, 2002**

**PURPOSE:** The purpose of this Newsletter is to update the Medicaid fee allowances for approved practitioner-administered drugs, and also notify practitioners of additions and deletions of drugs approved for office, home or independent clinic administration.

**BACKGROUND:** In the past, the New Jersey Division of Medical Assistance and Health Services (DMAHS) published an updated list of approved practitioner-administered procedure codes, descriptions, and Medicaid and NJ FamilyCare fee-for-service maximum fee allowances. These fee allowances reflect the cost of common dosages of approved drugs, based on each drug's Average Wholesale Price (AWP) per unit. Unless otherwise indicated, a "unit" is defined as one cubic centimeter (cc.) or one (1) milliliter (ml.). For drugs packaged in one cc. or one-ml. vials, the fee allowance reflects the AWP per vial.

**ACTION:** The New Jersey Division of Medical Assistance and Health Services (DMAHS) has added new HCPCS procedure codes and their applicable maximum fee allowances, effective for claims with dates of service on or after **January 1, 2002**, and also deleted certain HCPCS procedure codes, effective for claims with dates of service on or after **July 1, 2002**. These procedure codes reflect practitioners' services and maximum fee allowances, which are reimbursable to Physicians, Certified Nurse Midwives, Certified Nurse Practitioners/Clinical Nurse Specialists, Independent Clinics,

Federally Qualified Health Centers by the New Jersey Medicaid and NJ FamilyCare programs. Providers should use these HCPCS procedure codes when submitting claims for processing.

For your convenience, a complete list of procedure codes for approved drugs is included on the list attachment to this Newsletter. Medicaid and NJ FamilyCare maximum fee allowances which have a change in reimbursement for certain procedure codes for claims with dates of service on or after **July 1, 2002**, are **bolded** on the attachment.

If you have any questions regarding this Newsletter, please contact the Office of Utilization Management at (609) 588-4610.
