Volume 13 No. 03

August 2010

---

**TO:** Providers of Pharmaceutical Services - **For Action**  
Health Maintenance Organizations, Physicians, Advanced Practice  
Nurse Services, Nurse Midwifery - **For Information**

**SUBJECT:** To notify pharmacy providers of the new drug benefit program for individuals with HIV/AIDS. The new program is called the Temporary AIDS Supplemental Rebate and Federal Assistance Program.

**EFFECTIVE:** Claims with service dates on or after September 1, 2010

**BACKGROUND:** This new program was specifically designed for approximately 960 people enrolled in the existing AIDS Drug Distribution Program (ADDP) who will no longer be eligible as part of the Department's efforts to address a nearly \$11 billion state budget shortfall. These New Jersey residents with HIV/AIDS will be immediately enrolled in this new drug benefit program that will provide free AIDS medications to individuals between 300 and 500 percent of the federal poverty level (FPL).

**ACTION:** Between August 1, 2010 and August 31, 2010, pharmacists can continue to bill claims using the beneficiary's ADDP identification number for all covered medications. This new program effective September 1, 2010, will use the same identification number but **will only cover HIV/AIDS treatment drugs and medications that prevent AIDS complications**. Unlike the ADDP program, **this new program will not cover medications for other diseases** such as diabetes or hypertension. Error code 2125, "Drug not covered for ADDP Limited Coverage Program", will post on all claims not eligible for payment.

Please refer to the following list of covered products for the Temporary AIDS Supplemental Rebate and Federal Assistance Program:

**If you have any questions concerning this Newsletter, please contact the ADDP program toll free at 1-877-613-4533.**
