February 2003

TO: All Providers and MEVS Switch Vendors - For Action
Health Maintenance Organizations - For Information Only

SUBJECT: Upgrades to REVS and MEVS Eligibility Systems

EFFECTIVE: March 8, 2003

PURPOSE: To inform all providers and MEVS switch vendors of an upgrade to the current eligibility verification systems.

BACKGROUND: Currently, providers are able to verify beneficiary eligibility for all programs administered by the Division, either by way of the Medicaid Eligibility Verification System (MEVS) or the Recipient Eligibility Verification (REVS) System. Both systems have been upgraded to better serve the provider community.

ACTION: The MEVS hours of operation will be expanded. MEVS will be available Monday through Saturday twenty-four (24) hours a day. MEVS will not be available on Sundays from 1:00 AM until 5:00 AM, when the system will be closed for maintenance.

1. The updated MEVS installation guide is available on the Unisys web site at www.njmmis.com.
2. The REVS system messages and prompts will be revised to allow for easier access to eligibility information. Please listen to all instructions and menu options.
3. REVS will be expanded to allow providers to submit inquiries regarding up to twenty (20) beneficiaries per call.
