**TO:** Medical Day Care Centers

**SUBJECT:** Revised HCPCS Procedure Code - Medical Day Care Visits

**EFFECTIVE:** Dates of Service on or after March 1, 1992

The New Jersey Medicaid Program has developed a new HCPCS Procedure Code for use by medical day care providers when billing Medicaid for medical day care visits. This change is designed to facilitate the expeditious and accurate processing of medical day care claims.

Providers are instructed to adhere to the following changes in billing procedures:

1. For dates of service up through and including February 29, 1992, continue to use HCPCS Procedure Code 90050.
2. For dates of service on or after March 1, 1992, you must use HCPCS Procedure Code W9002 when billing for the medical day care visit.
3. The use of HCPCS Procedure Code 90050 on or after March 1, 1992, will cause your claim to be denied. Code 90050 will be terminated as of March 1, 1992.
4. The fee associated with HCPCS Procedure Code 90050 will be assigned to W9002. Providers will be reimbursed at their current assigned fee.
