Volume 9 No. 15

March 1999

TO: Independent Clinics (Except Family Planning Clinics), and
Federally Qualified Health Centers - For Action
Health Maintenance Organizations - For Information Only

SUBJECT: Change in Reimbursement for Intrauterine Devices

EFFECTIVE: For services provided on and after January 1, 1998

PURPOSE: To advise providers of the change in reimbursement involving the insertion of Intrauterine Devices (IUD).

BACKGROUND: The Division of Medical Assistance and Health Services reimburses independent clinics and federally qualified health centers (FQHCs) for the insertion of intrauterine devices utilizing the concept of an all-inclusive reimbursement which includes the cost of the specific type of device supplied. An increase in the cost of these intrauterine devices necessitates a change in reimbursement; follow-up days and anesthesia basic units have been added.

ACTION: In order to identify a claim as a family planning service **ITEM 24H** in the family planning indicator field **must** be completed on the HCFA 1500 claim as follows:

- a) Add "2" for Family Planning Services; or
- b) Add "3" for Family Planning Services when the beneficiary is under 21 years of age (EPSDT).

For insertions and removals of intrauterine devices on and after January 1, 1998, the all-inclusive HCPCS codes and Maximum Fee Schedule are as follows:
