

**New Jersey
Medicaid Access to Physician Services Program
(NJ MAPS Program)**

Operations Manual

Updated: May 2025

Scope of Manual:

This document provides a detailed description of New Jersey's implementation of the NJ Medicaid Access to Physician Services (MAPS) Program for Managed Care, as well as Fee-for-Service payments within the New Jersey Medicaid program. This program is designed to improve access to primary care and specialty care services for Medicaid beneficiaries in light of the expansion of the Medicaid program as a result of the Affordable Care Act (ACA).

This manual describes the NJ Division of Medical Assistance and Health Services (DMAHS)'s approach, details the payment methodology and program funding, and provides guidelines for continuing implementation of the NJ MAPS Program.

The payment methodology for the NJ MAPS Program is consistent with the final rule issued by CMS on Medicaid Managed Care rate setting and published on May 6, 2016, as well as additional guidance on "Pass-Through Payments in Medicaid Managed Care" issued by the Centers For Medicare and Medicaid Services (CMS) on July 29, 2016, and related material published and/or proposed since then. The Program has been approved by CMS annually since SFY17.

Introduction:

Following the expansion of the New Jersey Medicaid program in January 2014, DMAHS investigated options to address provider payment rates and access to care. One of the identified approaches to help support this effort was to implement a Medicaid Access to Physician Services program that would provide Medicaid Managed Care Organizations (MCOs) with additional funding to pay physician practice plans affiliated with public medical and dental schools at a level consistent with their average commercial rate (ACR). These additional funds can be used to hire additional physicians, improve retention of existing physicians, and create population-based health care programs, thus preserving or expanding access to care.

New Jersey implemented the NJ MAPS Program on January 1, 2017, when the State issued actuarially sound Managed Care capitation rates that funded these higher payments. The core components of the program are outlined below and reflect suggestions provided by CMS to state officials.

Program Operations:

Medical Schools and Affected Practice Plans

The NJ Medicaid Access to Physician Services (MAPS) Program applies to physician and non-physician practitioners affiliated with medical and dental schools in New Jersey because these practitioners are key providers of primary, specialty, and subspecialty services to Medicaid beneficiaries. These entities are:

- Rutgers New Jersey Medical School
- Rutgers Robert Wood Johnson Medical School
- Rutgers School of Dental Medicine
- Cooper Medical School of Rowan University
- Rowan-Virtua School of Osteopathic Medicine
- Hackensack Meridian School of Medicine

Practitioners eligible for payments under this Program are either employed by or contracted with the universities which operate the medical or dental schools, or are employed by, or contracted with, Bergen New Bridge Medical Center, Cooper University Health Care, RWJBarnabas Health System (affiliated with Rutgers), Virtua Medical Group (affiliated with Rowan), Inspira Health Network (affiliated with Rowan), Holy Name Medical Center or University Hospital. The site of service is not a factor for these eligible practitioners.

Practitioner Types

The class of providers who qualify for this arrangement includes all Medicaid providers, licensed by the State of New Jersey and enrolled with the NJ Medicaid program, who file CMS 1500 claims or the Medicaid/NJ FamilyCare Dental Service Claims Form MC-10 (excluding certain CPT codes), and who are employed or contracted with at least one of the entities listed above.

MAPS Managed Care Services Covered

The patient care services provided by practitioners that file professional claims and billed on the CMS-1500 Form or the Medicaid/NJ FamilyCare Dental Services Claim Form MC-10 are those that shall be eligible for enhanced payments under this Program.

Services provided to enrolled members who are dually eligible for Medicaid and Medicare services are excluded from this Program. Services provided under sub-capitated arrangements are also excluded, with sub-capitation defined as when an MCO pays a network healthcare

practice/provider a set monthly fee that covers all the administrative and medical expenses of a defined population. However, to the degree that an MCO is using a sub-vendor to administer the healthcare benefits and network (such as dental benefits), but the MCO is still responsible for each medical expense and the sub-vendor is paying the network healthcare practice/provider based on a fee schedule, the Program (and the Minimum Fee Schedule) shall apply.

Services paid for under a case rate or bundled rate are also excluded. Case rate/bundled payment is defined here as either a payment of a single rate for a defined group of procedures and services (some of which may even be inpatient or outpatient), or as the reimbursement of healthcare providers on the basis of expected costs for clinically defined episodes of care.

Payment Approach

As part of the MCO rate development process each year, a vendor hired by the New Jersey Department of Treasury calculates the ACR for each practice plan. The minimum fee schedule is developed on an annual basis by a vendor who calculates the average commercial rate (ACR) for each identified entity using commercial and Medicaid data. The vendor compares the MCO Medicaid payments to the top 5 commercial payers to arrive at a percentage markup over Medicaid that is the commercial payment equivalent for each procedure code. From there, the vendor creates a minimum rate schedule by multiplying the Medicaid FFS rate schedule by a statewide weighted average of the individual ACRs. This fee schedule is appropriate for these providers because it is based on the ACR for each procedure code using commercial and Medicaid data supplied by the practice plans.

MCOs are contractually obligated to pay at this minimum rate schedule or above for eligible providers throughout the MCO contract year. If a billed CPT code is not listed on the minimum rate schedule, MCOs pay according to the terms otherwise defined in the base contract agreement with the provider.

NOTE: The statewide minimum fee schedule for State Fiscal Year (SFY) 2026, beginning July 1, 2025 is contained in **Appendix A**.

The overarching principle of the payment model is to ensure MCO payment for each eligible code is the higher of the contracted payment rate as of March 31, 2016, or the new NJ MAPS minimum fee schedule (i.e., the NJ MAPS minimum fee schedule is the payment floor). MCOs and practice plans should check the NJMMIS website to reference the most recent CPT code list as this manual is only updated annually.

Another guiding principle in the design of the Program is to minimize the administrative work to execute the billing and payment process for both the eligible providers and MCOs. The current working assumption is that the existing payment rules engines within the MCOs do not require any changes and that existing billing practices will remain the same for the providers. The only difference is the minimum rate table that is utilized at the end

of the claims processing cycle. Therefore:

- The MCOs are responsible for updating the MAPS Minimum Fee Schedule (**Appendix A**) and the List of Eligible MAPS Providers (**Appendix B**) within their systems in a timely manner, and prior to the start of each State Fiscal Year, to provide the correct reimbursement rates to the eligible NJ MAPS practitioners.
- The MCOs will not need to alter their rules engines for reimbursement where those rules apply identically across all providers, merely that the NJ MAPS minimum fee schedule will be the base fee schedule onto which those reimbursement rules apply, unless the contracted payment rate as of March 31, 2016, is already higher than the NJ MAPS minimum fee schedule.
- CMS updates their rate codes quarterly and NJ MMIS follows suit. If an active CPT code is terminated during a SFY, that code will no longer be eligible for the NJ MAPS rate.
- In those instances where the rules regarding codes and modifier combinations do not apply identically across all providers, then the NJ MAPS minimum fee schedule shall strictly apply as a reimbursement floor, per unit of service, unless the contracted payment rate as of March 31, 2016, is already higher than the NJ MAPS minimum fee schedule.
- Providers are responsible for submitting an invoice to an MCO at or above the Minimum Fee Schedule to be eligible for the full enhanced rate.

Additional points to note about certain modifiers under the guidelines above:

- Following the existing rules engines:
 - Modifier 50 (Bilateral Services) shall be paid at 1.5 times the single rate unit
 - Modifier 62 (Two Surgeons) shall be paid at 0.625 times the single rate unit
 - Modifier 22 (Increased Procedural Services) shall be paid at 1.2 times the single rate unit
 - Anesthesia Pricing Modifiers QK, QX, and QY shall follow standard ASA reimbursement guidelines of 0.5 times the single rate unit as applied to the minimum fee schedule.
- Conversely, the following shall not apply, and the minimum fee schedule shall instead strictly apply as a reimbursement floor per unit of service unless the contracted payment rate as of March 31, 2016 is already higher:
 - Modifier 51 (Multiple Procedure Discounts)
 - Modifier 58 (Related Procedure during post-operative period)
 - Modifier 78 (Unplanned return to the operating room)

- Place of Service Code discounts
- Regarding Modifier 26, in instances where CPT codes with Modifier 26 are not on the minimum fee schedule, the percentage discount for Modifier 26 from the Medicare fee schedule shall instead be applied to the minimum fee schedule.

The State's independent actuaries determine the dollar value to be included in the MCO capitation Per Member Per Month (PMPM) rates to permit the MCOs to pay enhanced fees to physician and non-physician practitioners employed by, or contracted with, the universities in New Jersey which operate the medical or dental schools or are employed by, or are contracted with, Bergen New Bridge Medical Center, Cooper University Health Care, Holy Name Medical Center, RWJBarnabas Health System (affiliated with Rutgers), Virtua Medical Group (affiliated with Rowan), Inspira Health Network (affiliated with Rowan), or University Hospital. The PMPM that each MCO receives on a monthly basis includes the estimated cost of the NJ MAPS Program. DMAHS reviews and approves these results. The State's actuaries review and certify these rates as being actuarially sound.

NOTE: In October of every year, the participating entities will provide state officials with a list of eligible practitioners along with their individual and group NPI numbers for use for the coming State Fiscal Year. State officials will then provide to the MCOs the list of eligible practitioners. The eligible group NPI numbers for the MCO contract year SFY26 (beginning July 1, 2025) is contained in **Appendix B**. The MCOs are responsible for updating the MAPS Minimum Fee Schedule (**Appendix A**) and the List of Eligible MAPS Providers (**Appendix B**) within their systems in a timely manner, and prior to the start of each State Fiscal Year, to provide the correct reimbursement rates to the eligible NJ MAPS practitioners. The annual attestation and reporting form for group NPI numbers for eligible practitioners is contained in **Appendix H**. **Appendix M** provides a table of noted changes from the prior year to the Group Managed Care NPI List.

If a participating entity employs a new practice group during a contract year and creates a new group number, that new group will not be eligible for enhanced payments under this program until the beginning of the next rating period. If a new practitioner is added to an existing group number, then services provided by that practitioner are eligible for enhanced payments once the provider is credentialed with the MCO.

Eligible and participating practice plans that enter into a contract with an MCO are eligible to receive the enhanced NJ MAPS Program rate once under contract, and once the provider is credentialed with the MCO.

The participating practice plans and the MCOs will both be required to report on a quarterly basis throughout the contract year on the increased funds they have received (in the case of the practice plans) or expended (in the case of the MCOs) as a result of the NJ MAPS Program. Copies of these quarterly reports are included in **Appendix C** and

Appendix D of this Operations Manual. Reports from all groups shall be provided to DMAHS no later than 45 days following the close of each quarter.

Risk Corridor

Because utilization of qualified practitioners will vary across MCOs, the State mitigates risk associated with overpaying or underpaying a particular MCO associated with the capitation increase for these particular providers and services as follows:

1. Each MCO is required to spend at least 99%, but no more than 101% of the medical portion of the capitation increase associated with the program for claims under the Medicaid Access to Physician Services Program.
2. Each MCO shall submit a separate final settlement calculation within 11 months of the end of the contract year accounting for incurred claims consisting of claims runout of at least six months and an estimate of the incurred but not paid claim liability. The State will confirm the calculations.
3. To the extent the incurred claims spent by an MCO are less than 99% of the additional medical portion of the funding on claims under the Medicaid Access to Physician Services Program, the difference between the incurred claims amount spent and 99% will be paid to the pool by that MCO.
4. To the extent the incurred claims spent by an MCO are more than 101% of the additional medical portion of the funding on claims under the Medicaid Access to Physician Services Program, the difference between the incurred claims spent and 101% will be paid to that MCO by the funds available in the pool.
5. If funds in the pool are not sufficient to appropriately reimburse MCOs who spent more than 101%, then the State will contribute additional funds to the pool to cover the shortfall.
6. If funds in the pool are more than sufficient to reimburse MCOs who spent more than 101%, excess funds will be withdrawn by the State.
7. The Medicaid Access to Physician Services Program Risk Corridor is a risk mitigation strategy based on assumptions underlying the increased funding.
8. The State maintains the option as to (i) whether or not to continue this Medicaid Access to Physician Services Program and/or the Risk Corridor in subsequent years and (ii) if continued, whether any changes to the Risk Corridor allocation and distribution process are necessary. Any return of funds to the State will be refunded to the federal government at the same FMAP as originally claimed by the State.

NOTE: Additional information of the Risk Corridor is contained in **Appendix I**.

Funding Approach

The NJ MAPS Program is entirely funded by transfers of existing state appropriations, mostly from the parent universities of the medical and dental schools, or via intergovernmental transfers from a local governmental unit. The SFY26 Annual Appropriations Act contains language that permits such transfers at the discretion of the New Jersey Department of Treasury.

The exact sources of the funding by school for SFY26 payments appear in the Appropriations Handbook for the given State Fiscal Year for Rutgers, Rowan-Virtua School of Osteopathic Medicine, Cooper Medical School of Rowan University, RWJ Barnabas Health, Hackensack Meridian School of Medicine, and University Hospital. Bergen County has entered an Intergovernmental Agreement (IGA) with NJ where the County provides the funding source for Bergen New Bridge Medical Center.

As part of the annual MCO rate setting process, the State's actuaries calculate the PMPM increase for the non-dual capitation rates for both the acute care and Managed Long-Term Services and Supports (MLTSS) program that is needed to fund the NJ MAPS Program.

The transfers from existing state appropriations and IGA to fund the NJ MAPS Program are equal to the cost of the state share to NJ Medicaid to finance the program plus any fees to be paid to consultants administering the NJ MAPS Program. In general, on a monthly basis, transfers from existing state appropriations equal the PMPM increases needed to fund the state share of the NJ MAPS Program based on projected enrollment and utilization. The transfers from the existing state appropriations for the year are locked into eleven months of identical transferred amounts per institution. The transfer from existing state appropriations on the twelfth month will reconcile projected enrollment and actual enrollment over the previous eleven months.

NOTE: If, however, during the State Fiscal Year, the total actual enrollment to date differs from projected enrollment by more than 10%, a re-evaluation of the monthly transfers of existing state appropriations will be triggered and future transfers will be adjusted to reflect a revised projection of enrollment.

At the completion of the actuarial calculations of the current rate year, and the PMPM increases established to fund the NJ MAPS Program, program enrollment and utilization projections determine the estimated cost of the Program for the upcoming SFY and MCO contract year.

The total non-federal costs are then apportioned between program participants based on their

relative percentage of total expected program benefit, as calculated by the State's actuary.

If the actuary projects that Participant A will receive 25% of total increase in payments, then Participant A will be responsible for 25% of the total state share of those payments.

NOTE: Additional information is contained in **Appendix J**.

Approximately eight months following the close of the SFY, State officials complete the cost allocation calculation a second time using the latest actual claims data available (including "incurred but not reported" or IBNR). The resulting school- and hospital-specific allocations from this analysis are compared to the amounts actually transferred from state appropriations in the prior year. Any overpayment or underpayment is then included in the current year's appropriation transfer calculation to "true-up" each entity's share of MAPS Program costs for the prior State Fiscal Year.

Under no circumstance, however, may the net value of credits from this true-up exceed the value of funds returned to the State from the MCOs based on risk-corridor underspending. Similarly, any net additional costs allocated during the true-up may not exceed additional State costs resulting from risk-corridor overspending.

At the discretion of staff at the New Jersey Department of Human Services, a second risk corridor adjustment impacting MCO payments may be performed at some point greater than 12 months following the close of a State Fiscal Year. In the event of such an adjustment, the current year MAPS calculation will also be modified to distribute the net overpayment or underpayment resulting from the second risk corridor adjustment.

Participants will be notified by the Office of Management and Budget (OMB) staff of the required funding for the coming SFY and contract year. Specifically, each participant will receive the calculations outlined in **Appendix J** (for their institution only) that will govern the amount of funds that will need to be transferred from their state appropriation over the course of that year, as well as the anticipated exact monthly transfer of existing state appropriations.

Currently, the State's payments to MCOs of their PMPMs occur once a month and the MCOs receive their capitation payments on the last Friday of the month. Those payments are retrospective, and while there is no formal reconciliation, a 12-month "look-back" process accounts for any changes in eligibility or enrollment.

At the beginning of each subsequent State Fiscal Year, OMB will reserve funding appropriated to each of the participating medical and dental schools, and hospitals equal to the amount needed to fund enhanced NJ MAPS Program payments (as calculated by Medicaid actuaries and including any adjustments for prior year risk pool overpayments or underpayments, and prior year actual utilization proportions by school) plus consultant fees, plus 10% to account for any unexpected increase in enrollment. OMB will process eleven uniform monthly appropriation

transfers to DMAHS equal to one-twelfth of the total funding estimate, with the final monthly transfer serving as a true-up for actual enrollment during the course of the year.

NOTE: Additional information about the funding approach is contained in **Appendix I**.

Federal Approval

The NJ MAPS Program is outlined in the State's contracts with the MCOs and detailed in this Operations Manual. As part of the approval process of the State's MCOs contracts, a CMS preprint related to the MAPS Program is drafted and submitted annually and amended for any mid-year adjustments, if necessary. CMS has approved the state plan amendment that contains information pertaining to the expansion to Fee-for-Service and additional practitioner types.

Annual Attestation

To guard against double-claiming of Medicaid program costs, officials at University Hospital (Newark), RWJBarnabas Health System (affiliated with Rutgers), Bergen New Bridge Medical Center, Hackensack Meridian School of Medicine, and Cooper University Hospital will annually submit to NJ Medicaid officials a letter attesting that the clinical services to patients (i.e. professional claims) covered under the NJ MAPS Program and billed on the CMS-1500 Form or the Medicaid/NJ FamilyCare Dental Services Claim Form MC-10 are either not included in the hospital's cost reports, or are included but subsequently excluded as part of the hospital cost reporting process, so that they have no impact on Medicaid inpatient, outpatient or DSH reimbursement for the hospital. Attestations are due along with the required documentation to calculate the ACR no later than December 9, 2025.

NOTE: Attestation forms are contained in **Appendix E**.

SFY26 Implementation

The vendor hired by the New Jersey Department of Treasury calculated the ACR for each practice plan using SFY ending June 30, 2023 commercial data supplied by the practice plans. The vendor also calculated a minimum rate schedule by multiplying the most recently available Medicaid Fee-for-Service rate schedule by a statewide weighted average of the individual ACRs.

DMAHS has undertaken a review and approval process, and it was certified by DMAHS actuaries.

CMS approves the NJ MAPS program when it approves the MCO contract and rates. The vendor hired by the New Jersey Department of Treasury recalculated the ACR for each practice plan and recalculated the minimum rate schedule for SFY26, effective July 1, 2025. The

SFY25 statewide weighted average is 459% of the DMAHS Fee-for-Service specialist rate.

Measuring MAPS Program Impact:

Participating practice plans are required to submit annual reporting of quality measures as outlined in **Appendix L**. These measures were at the recommendation of both CMS and the State that adhere to the shift in reporting to more outcomes-based measures than access measures. Any modifications made to quality measures would be practice plan specific and would not impact reporting by other providers. State officials may periodically request from the participating practice plans additional evidence of the impact of the MAPS Program on access of Medicaid services to Medicaid clients.

Potential Changes to the Program in Succeeding Years:

During SFY17, in response to the new statewide minimum fee schedule that the MCOs followed, the practice plans began to expand access to services.

DMAHS chose to adopt the above payment approach since SFY17 because of a desire to have the Program commence on January 1, 2017. However, DMAHS's preference is to incentivize alternative payment methodologies and innovative payment solutions to improve population health. To that end, the State desires to evolve the NJ MAPS Program over time.

DMAHS officials indicated, in discussions with CMS officials, their support for a program approach that is not utilization-based and instead is centered on a dedicated add-on amount to the capitation payment to the MCOs.

Instead of continuing a minimum statewide fee schedule in future years, DMAHS would like to see the physician practice plans and MCOs create partnerships that lead to alternative payment methodologies that drive quality improvements and innovative payment solutions for population-based health programs. This policy comports with the delivery system reform visions outlined in New Jersey's Section 1115 Demonstration Waiver.

A quality- and access-centered approach requires detailed discussions, data exchange, and analysis among the practice plans, the MCOs, and State officials. Such work is anticipated to take several years.

MAPS Program Expansion to Fee-for-Service

In the Fall of 2018, in response to requests from the medical and dental schools participating in MAPS, State officials decided to expand the MAPS Program to Medicaid Fee-for-Service. Hereafter, we refer to the Fee-for-Service component of the program as "MAPS FFS". This is distinguished from the Medicaid Managed Care component of the MAPS program which has been effective since January 1, 2017 (hereafter referred to as

“MAPS MC”) which has been outlined in the preceding portion of this operations manual.

State officials published a public notice to that effect on December 3, 2018. The public notice stated that the MAPS FFS Program would be effective January 1, 2019, contingent upon subsequent federal approval.

Both components of the MAPS program are similar in terms of policy and goals. Like MAPS MC, MAPS FFS seeks to expand access to care for Medicaid clients by reimbursing professional services provided by the physician practice plans affiliated with the identified medical and dental schools at a level commensurate with their average commercial rate.

However, MAPS FFS is structurally different than MAPS MC:

- MAPS FFS is part of the New Jersey’s Medicaid state plan, whereas MAPS MC is part of the State’s contracts with the Medicaid MCOs. As such, MAPS FFS is created through an amendment to the Medicaid state plan.
- CMS approval was granted on August 22, 2019. The program was implemented retroactively on January 1, 2019, which was the date of the public notice.
- MAPS FFS involves a quarterly, supplemental, retrospective payment, whereas MAPS MC involves a minimum fee schedule paid in real time.
- MAPS FFS involves payments directly from DMAHS to the physician practice plans, whereas MAPS MC involves payments from the Medicaid MCOs to the physician practice plans.
- Beginning in July 1, 2025, the MAPS FFS program will use the statewide average commercial rate (ACR) of 459% for all Program participants. While MAPS MC locks in the group provider numbers for MAPS participating providers for an MCO contract year, new group provider numbers can be added to MAPS FFS as soon as they become MAPS eligible.
- MAPS MC was expanded to no longer limit the provider types that are eligible for the program as of July 1, 2022. MAPS FFS is also designed to not limit the provider types that are eligible for the program.
- MAPS FFS program follows CMS guidance on Medicaid physician upper payment limit programs.

Medical Schools and Affected Practice Plans

The medical and dental schools and affected practice plans for MAPS FFS will be the same as MAPS MC (see page 2 of this Operations Manual). Rutgers University Behavioral Health Care (which was always a MAPS-eligible entity) is eligible to participate in MAPS FFS, whereas it was not in MAPS MC given that behavioral health care is largely carved out of the Medicaid MCOs.

Practitioner Types

The class of providers who qualify for this arrangement includes all Medicaid providers, licensed by the State of New Jersey and enrolled with the NJ Medicaid program, who file CMS 1500 claims or the Medicaid/NJ FamilyCare Dental Service Claims Form MC-10 (excluding certain CPT codes), and who are employed or contracted with at least one of the entities listed above.

Services Covered

The MAPS FFS program covers Medicaid services provided by practitioners to Medicaid clients and billed to DMAHS as a professional claim (CMS 1500 or the MC-10 forms).

Services for which Medicaid is not the primary payer, including services provided to clients who are dually eligible for Medicare and Medicaid, are excluded from this Program. However, services to Medicaid clients who have additional insurance for which Medicare or commercial insurance does not pay for that service, may still be included in MAPS FFS.

Payment Approach

MAPS FFS does not alter the practice plans' current billing approach that exists for MAPS eligible providers in Medicaid Fee-for-Service based on the existing fee schedule. MAPS FFS is a supplement to that, employing a quarterly retrospective lump sum payment in order to reimburse MAPS eligible providers at a level commensurate with their ACR. Unlike MAPS MC, this does not establish a minimum fee schedule.

Each year, as part of MAPS MC, a vendor hired by the New Jersey Department of Treasury calculates the ACR for each practice plan using commercial and Medicaid data supplied by the practice plans and creates a statewide average ACR. The alternative fee schedule is developed on an annual basis by a vendor who calculates the average commercial rate (ACR) for each identified entity using commercial and Medicaid data. The vendor compares the MCO Medicaid payments to the top 5 commercial payers to arrive at a percentage markup over Medicaid that is the commercial payment equivalent for each procedure code. It is the intent of State officials to utilize the same ACR calculations by practice plan for both the MAPS MC and MAPS FFS programs.

For some of the MAPS participating entities that are deemed to have insufficient commercial payors or payor data DMAHS will adopt the ACR of a related practice plan. Below is a description of the steps that are necessary in determining the supplemental payment amount for each quarter of the MAPS FFS program.

a. Obtain NPI numbers from medical and dental schools, and practice plans to identify all eligible providers

To obtain the Medicaid claims data for the specified time period, the vendor will request the NPI numbers for all qualifying provider types from the MAPS eligible medical and dental schools, and practice plans. For each quarter, the vendor will

identify and DMAHS will approve a list of eligible providers from information collected from the medical and dental schools, and practice plans.

b. Pull eligible paid claims from NJ MMIS

For each quarter, DMAHS will query its NJ MMIS system for paid Medicaid claims for qualifying provider types as defined above for the previous quarter's claimed services (e.g. in Q4 2025 request Q3 2025 paid Medicaid claims). The claims need to be for services provided January 1, 2019 or later. The extracted data will contain the following columns:

- 1. Group NPI**
- 2. Individual (Rendering) NPI**
- 3. Provider Rendering Type Code** – a code indicating the job classification of the provider
- 4. Provider Rendering Type Description** – the description of the code indicating the job classification of the provider
- 5. Procedure Code** – the current CPT procedure code used to identify the service performed or the supply given to the recipient
- 6. Modifier** – a modifier code used to further define the service identified by the procedure code
- 7. Sum of Claim Count** – the sum of the number of Medicaid claims
- 8. Sum of Paid Quantity** – the sum of total Medicaid units (including base and time units and additional units for anesthesia, if applicable)
- 9. Sum of Paid Amount** – the sum of total Medicaid payments
- 10. Quarter of Claim Payment Date**
- 11. Year of Claim Payment Date**
- 12. Claim FFP Description**

c. Determine the amount commercial insurance would have paid (i.e. calculate the upper payment limit)

The vendor will then calculate by participating practice plan the amount commercial insurance would have paid for those claims. This calculation is specific to each practice plan and utilizes that practice plan's individually calculated ACR as determined by DMAHS.

d. CPT codes will be adjusted as follows to comply with CMS guidance and to meet the program goals of DMAHS:

- a. Clinical diagnostic laboratory codes will be limited to Medicare instead of the average commercial rate.
- b. CPT codes with a technical component will be excluded from the supplemental payment as this is not a professional service. This includes radiology codes with a "global rate" with both the technical and physician component. Only radiology codes with a modifier 26 (physician component) should be included in the calculations.
- c. Claims paid under the Office Based Addictions Treatment (OBAT) Program,

identified with a HF modifier, will be excluded from the supplemental payment.

- d. Level II CPT codes for non-physician services will also be excluded from the MAPS FFS program.

e. Calculate the supplemental payment amount

For each practice plan, the amount Medicaid actually paid for those claims is subtracted to establish the total allowable supplemental payment amount for that quarter. This difference will equal the lump sum, retrospective MAPS FFS payment for the provider for that quarter.

f. Provider Notification of Payment

DMAHS providers will be notified of payment amounts and the redirected appropriations amounts via a letter from the vendor. Lump sum payments will occur within 3 months after each quarter to a group Medicaid Provider number.

Funding Approach

The NJ MAPS Program is entirely funded by transfers of existing state appropriations, mostly from the parent universities of the medical and dental schools, or via intergovernmental transfers from a local governmental unit. The SFY26 Annual Appropriations Act contains language that permits such transfers at the discretion of the Department of Treasury.

The exact sources of the funding by school for payments appear in the Appropriations Handbook for the given State Fiscal Year for Rutgers University, Rowan-Virtua School of Osteopathic Medicine, Cooper University Hospital, Hackensack Meridian School of Medicine, and University Hospital. Bergen County has entered an Intergovernmental Agreement (IGA) with NJ where the County provides the funding source for Bergen New Bridge Medical Center.

The transfers from existing state appropriations to DMAHS to fund the MAPS FFS Program is equal to the cost of the state share to NJ Medicaid to finance the MAPS FFS program plus any fees to be paid to consultants administering the MAPS FFS program. In general, on a quarterly basis, transfers from existing state appropriations equal the state share of the upcoming scheduled MAPS FFS quarterly payment. In this instance, the next monthly payment will be adjusted for the reconciliation.

Because the MAPS FFS payments are retrospective, they will vary by volume and no reconciliation of the funds transferred will be needed, except in the instance where a MAPS participating entity does not have sufficient room in its monthly state appropriation to fund a full quarterly MAPS FFS payment.

FFS Implementation

State officials may periodically, and at their discretion, ask for metrics from the MAPS

participating medical and dental schools and practice plans that illuminate the effect of the MAPS FFS program and document how it has expanded access to Medicaid services for Medicaid clients.

Appendices:

A: Services Eligible for MAPS Rate Increases

B: List of Eligible Providers by Group NPI Number

C: MCO Quarterly Report Template

D: Practice Plan Quarterly Report Template

E: Attestation Forms

- i. Certification of Providers and Practitioners (Group NPIs)
 - All Practice Plans must submit
- ii. Certification of Physician and/or Non-Physician Cost (Hospital facilities only)
 - F: List of Key Dates

G: NJ MCO Contract Language (Article Eight: Financial Provisions)

H: Annual Report Template of Group NPI Numbers for

Eligible Providers

I: NJ MAPS Program – Funds Flow Models

- i. Overview
- ii. PMPM Calculation and Distribution
- iii. State Appropriation Redirection and Allocation

J: Appropriations Calculations (available to participating practice plans only)

K: Medicaid state plan amendment for MAPS FFS program after CMS approval

L: Quality Measures Template

M: Managed Care Group NPI Changes

Minimum Fee Schedule for NJ Medicaid Access to Physician Services

Program for SFY2026

Anesthesia Fee Per Unit

\$42.66

NEW JERSEY MEDICAID ACCESS TO PHYSICIAN SERVICES PROGRAM
QUARTERLY REPORT BY MANAGED CARE ORGANIZATIONS

Report for the time period ending:
Quarterly reports are due within 45 days of the end of the quarter

NAME OF MCO:

DURING THIS QUARTER, DID YOU HAVE CONTRACTS WITH THE FOLLOWING PRACTICE PLANS? (YES/NO)	
Rutgers University NJMS (University Physician Associates)	
Rutgers School of Dental Medicine	
Rutgers University RWJ	
University Hospital (Newark)	
Cooper University Health Care	
Rowan-Virtual School of Osteopathic Medicine/VMG	
RWJBarnabas	
Bergen New Bridge Medical Center	
Hackensack Meridian School of Medicine	
Inspira Health (Tri-County Health Connections PC)	
Holy Name	

In the table below, please report the base payments and actual payments to the eligible providers at the following physician practice plans.

Base Payments refers to claims that would have been paid under contracted payment rates as of March 31, 2016 to NJ MAPS Program eligible providers (do not include IBNR estimates on this tab). See Notes 1-6 below when computing.

Actual Payments refers to claims paid under the NJ MAPS Program's Minimum Fee Schedule (do not include IBNR estimates on this tab). See Notes 1-6 below when computing.

- Please note:
- Exclude services provided to dual-eligibles (program only covers services where Medicaid is the primary payer) and exclude services covered under subcapitation arrangements.
 - Utilize the Group NPI #s in Appendix B of the operations manual for the NJ MAPS Program to identify practice plans and eligible providers.
 - Quarterly reports should restate all quarters since the beginning of the NJ MAPS program.
 - Claims should only be reported if the Actual Payment is greater than the Base Payment.
 - The Actual Payment should only be reported up to the ACR (i.e. amounts over the ACR should not be included).
 - Any other claim amounts paid to the MAPS providers should not be included.

Certification of Physician and Non-Physician Cost

New Jersey Medicaid Access to Physician Services Program

Participation in the New Jersey Medicaid Access to Physician Services Program is in accord with the New Jersey Department of Human Services (DHS) Division of Medical Assistance and Health Services' (DMAHS) approved by CMS and described in the state's operations manual for the Medicaid Access to Physician Services Program. This form serves as certification to certain facts, representations and assurances regarding Health System employed physician and non-physician practitioners' cost.

I, _____, do hereby certify:
(print name)

- That {NAME} is a participant in the New Jersey Medicaid Access to Physician Services program. {NAME} maintains separate accounting systems for {NAME}
- That {NAME} reports non-physician practitioner salaries on form CMS-2552-10, Medicare Hospital and Hospital Health Care Complex Cost Report, Worksheet A under different cost centers, and the fringe benefits associated with these non-physician providers are reported under the fringe benefits cost center on Worksheet A. The services rendered by the non-physician practitioner's appearing on the Medicare Cost Report are not billed to the State of New Jersey for services rendered to Medicaid beneficiaries. In addition, the Hospital does not report any clinical expense associated with physician services rendered to any beneficiary on the Medicare Cost Report. The only physician salary expense appearing on the Hospital's Medicare cost report is related to administrative efforts in leading Departments or educational efforts instructing Interns and Residents.
- That {NAME} employs both physician and non-physician practitioners for the direct purpose of rendering professional services to patients, including Medicaid eligible beneficiaries. That the costs associated with {NAME}, including the physician and non-physician practitioners performing professional services are not reported on the Hospital's form CMS-2552-10, Medicare Hospital and Hospital Health Care Complex Cost Report. Therefore, the professional services costs of the physician and non-physician practitioners at {NAME} are not part of {NAME}'s hospital costs as they relate to any Medicaid inpatient, outpatient or Disproportionate Share Hospital reimbursement.
- That the person signing the certification on behalf of {NAME} is legally authorized to bind the hospital and attest to the matters described above.

Certification of Providers and Practitioners

New Jersey Medicaid Access to Physician Services Program

Participation in the New Jersey Medicaid Access to Physician Services Program is in accord with the New Jersey Department of Human Services (DHS) Division of Medical Assistance and Health Services' (DMAHS) approved by CMS and described in the state's operations manual for the Medicaid Access to Physician Services Program. This form serves as certification to certain facts, representations and assurances regarding medical providers and practitioners receiving payments under the Program.

I, _____, do hereby certify that:
(print name)

- [MEDICAL SCHOOL OR ELIGIBLE INSTITUTION] is a participant in the Program and employs or contracts with providers and practitioners who are qualified to receive payments under the Program.
- The providers and practitioners qualified to participate in the Program who are employed by or contracted with [MEDICAL SCHOOL OR ELIGIBLE INSTITUTION] are identified on [REPORT NUMBER], [REPORT NAME].
- [REPORT NUMBER], [REPORT NAME] includes the Group NPI, Individual NPI, Federal Tax ID, full name, specialty, general classification, and the contractual or employment arrangement for each qualified participating provider and practitioner.
- [MEDICAL SCHOOL OR ELIGIBLE INSTITUTION] understands that the information in [REPORT NUMBER], [REPORT NAME] will be used in making state and federally funded Medicaid payments under the Program.
- [REPORT NUMBER], [REPORT NAME] is true and correct to the best of [MEDICAL SCHOOL OR ELIGIBLE INSTITUTION]'s knowledge, information and belief.
- I am legally authorized to bind the [MEDICAL SCHOOL OR ELIGIBLE INSTITUTION] and attest to the matters described above.

8.5.11 FINANCIAL PROVISIONS

New Jersey Medicaid Access to Physician Services Program (Program) – a program to preserve and promote access to medical services for Medicaid clients and underserved populations through setting minimum rates for professional services provided by qualified physicians and non-physician professionals affiliated with schools of medicine or dentistry.

A. Beginning January 1, 2017, the Contractor shall make payments to a Qualified Practitioner for services listed on the fee schedule, which can be downloaded from the www.NJMMIS.com website as “Fee Schedule Document” (feeschedule.pdf), in amounts at least equal to the amounts identified in the file “Group NPI Billing Document” (GroupNPIBilling.pdf) which is also located in the www.NJMMIS.com downloads area, when these services are provided to all of the Contractor’s Members except enrolled members who are dually eligible for Medicaid and Medicare services.

B. For services that are not listed in the fee schedule, but are otherwise covered by the Contractor, the Contractor shall make payments to a Qualified Practitioner as specified in the Qualified Practitioner’s provider agreement with the Contractor.

C. Subcapitated arrangements between a Contractor and a Qualified Practitioner are excluded from this Program.

D. The Contractor will follow the NJ MAPS Operations Manual associated with the program which may be downloaded as “Operational Manual” <https://www.njmmis.com/hospitalinfo.aspx>

E. For purposes of the Medicaid Access to Physician Services Program, the class of providers who qualify for this arrangement includes all Medicaid providers, licensed by the State of NJ, enrolled with the NJ Medicaid program and who file CMS 1500 claims or the Medicaid/NJ FamilyCare Dental Service Claims Form MC-10 (excluding certain CPT codes) under one of the Group NPI #s that are employed by or contracted with at least one of the following:

- Rutgers University New Jersey Medical School
- Rutgers University Robert Wood Johnson Medical School
- Rutgers School of Dental Medicine
- Rutgers School of Nursing
- Rowan-Virtua School of Osteopathic Medicine
- Cooper Medical School of Rowan University
- Cooper University Health Care
- University Hospital (Newark)
- RWJBarnabas Health (affiliated with Rutgers)
- Bergen County Improvement Authority d/b/a Bergen New Bridge Medical Center and its tenant-operator, Care Plus Bergen, Inc.
- Virtua Medical Group (affiliated with Rowan)
- Hackensack Meridian School of Medicine
- Inspira Health Network (affiliated with Rowan)

F. The Medicaid Access to Physician Services Program will be funded through an increase to the non-dual capitation rates for both the acute care and MLTSS program.

G. The Contractor shall report claims paid under the Medicaid Access to Physician Services Program on a quarterly basis through the “Quarterly Report by Managed Care Organizations” reporting template located in Appendix C of the “New Jersey Medicaid Access to Physician Services (NJ MAPS) Operations Manual”.

H. Within the Medicaid Access to Physician Services program, utilization of Qualified Practitioners will vary across Contractors therefore, the State will mitigate risk associated with overpaying or underpaying a particular Contractor associated with the capitation increase for these particular providers and services as follows:

1. The Contractor is required to spend at least 99%, but no more than 101% of the medical portion of the capitation increase associated with the program for claims under the Medicaid Access to Physician Services Program.
2. The Contractor shall submit a separate final settlement calculation within 11 months of the end of the contract year accounting for incurred claims consisting of claims runout of at least six months and an estimate of the incurred but not paid claim liability. The State will confirm the calculations.
3. To the extent the incurred claims spent by the Contractor are less than 99% of the additional medical portion of the funding on claims under the Medicaid Access to Physician Services Program, the difference between the incurred claims amount spent and 99% will be paid to the pool by the Contractor.
4. To the extent the incurred claims spent by the Contractor are more than 101% of the additional medical portion of the funding on claims under the Medicaid Access to Physician Services Program, the difference between the incurred claims spent and 101% will be paid to the Contractor by the funds available in the pool.
5. If funds in the pool are not sufficient to appropriately reimburse Contractors who spent more than 101%, then the State will contribute additional funds to the pool to cover the shortfall.
6. If funds in the pool are more than sufficient to reimburse Contractors who spent more than 101%, excess funds will be withdrawn by the State.
7. The Medicaid Access to Physician Services Program Risk Corridor is a risk mitigation strategy based on assumptions underlying the increased funding.
8. The State maintains the option as to (i) whether or not to continue this Medicaid Access to Physician Services Program and/or the Risk Corridor in subsequent years and (ii) if continued, whether any changes to the Risk Corridor allocation and distribution process are necessary.
9. Any return of funds to the State will be refunded to the federal government at the same FMAP as originally claimed by the State.

[illegible]

Group and Individual NPI Report Form

NJ Medicaid Access to Physician Services (MAPS) Program

Instructions:

Medical School or Eligible Institution - Identify the medical school or eligible institution to which this report refers

Group NPI - Refers to the group national provider identification number

Sub Part NPI (where applicable) - please include all sub part NPI numbers when a provider bills under more than one group number

Individual NPI - Refers to the individual practitioner's national provider identification number

Tax ID - Refers to the Federal Tax ID number for the Group NPI

Practitioner Name - Refers to the practitioner's full legal name as it appears on official documents

Practitioner Specialty - Refers to the practitioner's area of practice

General Classification - Refers to the practitioner's credentials, i.e., MD, DMD, NP

Arrangement - Refers to the practitioner's contractual or employment arrangement with the medical school. NOTE: Practitioners must be either an employee or operate under a contractual arrangement with the medical school.

Additions and Deletions are only dependent on the factors below, and should not be indicated based on a provider's volume in any quarter.

Addition (New) -Indicate whether this is a new provider from most recently submitted report and include any comments, i.e., this is a new provider in the practice

Deletion - Indicate whether provider listed from most recently submitted report was removed and include any comments, i.e., this provider has permanently separated from this practice.

NJ FamilyCare

New Jersey Medicaid Access to Physician Services (NJ MAPS) Program Appendix I

Start Date = January 1, 2017

Medicaid Access to Physician Services Program - Overview

For the purposes of this presentation, the payments pertaining to the NJ MAPS Program are also known as the “Access Payment.”

GOAL: Expand access to physician services to the low income population

By redirecting General Fund appropriations from Higher Education to the Dept. of Human Services, practitioners affiliated with participating NJ medical schools would receive increased reimbursement from the MCOs.

— Start date = January 1, 2017

Overview

The Access Payment only applies to services billed on physician and dental claim forms (CMS1500 and MC-10 respectively). *Hospital services billed on form UB04 are ineligible. Services provided to dual eligibles are not covered by the program nor are services provided under sub-capitated arrangements.*

Services rendered by the following practitioners would be eligible for the Access Payment:

- Physicians
- Certified registered nurse practitioners
- Certified registered nurse anesthetists
- Physician Assistants
- Dentists

Participating Entities:

- Cooper Medical School of Rowan University
- Cooper University Health Care
- Rowan University School of Osteopathic Medicine
- Rutgers New Jersey Medical School
- Rutgers School of Dental Medicine
- Rutgers Robert Wood Johnson Medical School
- Rutgers School of Nursing
- University Hospital (Newark)

Overview

The Access Payment would be included within the State's actuarially sound capitation rates paid to the MCOs.

- All five MCOs receive statewide rates; therefore, participating practice plans would need to contract with all MCOs.
- The State's contract with the Medicaid MCOs would contain the Access Payment fee schedule for eligible services as well as the eligible practice plans that could receive this enhanced payment.

Payment Approach

- Higher Ed appropriations would cover the state's share of capitation payments made to MCOs
- MCOs would be required to pay providers at a level equal to or greater than a statewide Minimum Fee Schedule that is included in the state's MCO contract
- Reimbursement in the form of increased rates would be tied to current utilization
- Exact return for the providers unknown and dependent on utilization
- Risk corridor created that ensures that (1) MCOs pay out at least 99% of the medical component of their Access Payments or pay them into a risk pool, (2) MCOs with higher costs (over 101%) are subsidized by the risk pool, and (3) state will make increased payments to or withdrawals from the risk pool if overall MCO experience is outside of the risk corridor.

Funding Approach

- The State's share of the enhanced Medicaid payments would be provided from existing State appropriations to the higher education facilities
- During each year, funds would be transferred by OMB from each school's appropriation to the Dept. of Human Services on a monthly basis to fund the increased capitation payments to the five Medicaid MCOs.
- Individual provider's share of the additional cost associated with access payments would be based on each school's share of the overall increase in funding to all providers in the MAPS program.
- Monthly transfers would be based on estimated enrollment and utilization, with a final adjustment for actual enrollment reflected in the June transfer.
- In the first six months of CY2017, appropriations that would normally be transferred to the Dept. of Human Services in first three months of operation would instead be added to the April, May, and June transfer amounts. This delay is meant to aid the schools' cash flow while the initial enhanced payments are being processed.

RE: Title XIX State Plan Amendment (SPA), Transmittal #22-0016

Dear Ms. Johnson:

We have reviewed the proposed amendment to Attachment 4.19-B of your Medicaid State plan submitted under transmittal number 22-0016. This amendment was submitted in order to update the Medicaid Access Physician Services (MAPS) program.

Based upon the information provided by New Jersey, we have approved the amendment with an effective date of July 1, 2022. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Division of Reimbursement Review (DRR) analyst Debi Benson at (312) 886-0360 or Deborah.Benson@cms.hhs.gov

Sincerely,

**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE/TERRITORY-New Jersey METHODS AND STANDARDS FOR
ESTABLISHING PAYMENT RATES-OTHER TYPES OF CARE**

Supplemental Payments for Physician and Professional Services at Qualifying
Professional Services Practices - NJ Medicaid Access to Physician Services (MAPS)

1. Qualifying Criteria:

Physicians and other eligible professional service practitioners as specified in 1A and 1B below will qualify for supplemental payments for services rendered to Medicaid beneficiaries. To qualify for the supplemental payment, the physician or professional service practitioner must be:

- licensed by the State of New Jersey;
- enrolled as a New Jersey Medicaid provider.

1A. Qualifying Providers Are those associated with the following medical schools:

- Rutgers New Jersey Medical School
- Rutgers Robert Wood Johnson Medical School
- Rutgers School of Dental Medicine
- Rutgers School of Nursing
- Cooper Medical School of Rowan University
- Rowan University School of Osteopathic Medicine
- Hackensack Meridian School of Medicine

Practitioners eligible for payments under this Program are either employed by or contracted with the Universities which operate the medical or dental schools or employed by or contracted with one of the following hospital systems: Cooper University Health Care, RWJBarnabas (affiliated with Rutgers), Bergen New Bridge Medical Center, or University Hospital. This definition includes Rutgers University Behavioral Health Care.

22-0016 MA (NJ)

Approval Date: November 4, 2022

Supersedes: 19-0002

Effective Date: July 1, 2022

**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE/TERRITORY-New Jersey**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER
TYPES OF CARE**

Supplemental Payments for Physician and Professional Services at Qualifying
Professional Services Practices (Con't)

1B. Qualifying Practitioner Types

All qualifying providers, as specified in 1A., who file CMS 1500 claims or the Medicaid/NJ
FamilyCare Dental Services Claim Form MC-10 (excluding certain CPT codes).

2. Payment Methodology

The supplemental payment will be determined in a manner to bring payments for these services up to the average commercial rate level. The average commercial rate is defined as the rates paid by commercial payers for the same service. Under this methodology the terms physician and physician services include services provided by all qualifying practitioner types as set forth in 1B. above. The specific methodology to be used in establishing the supplemental payment for physician services is as follows:

a. For services provided by physicians or other eligible providers meeting the criteria as set forth in 1. above, the state will annually collect from each qualifying provider the practice groups commercial physician fees by CPT code for the groups' top five commercial payers by volume. If qualifying providers do not have five commercial payers the top three commercial payers may be used.

b. The state will annually calculate the average commercial rate for each CPT code for each qualifying provider, as defined under 1. above.

c. The state will collect the Medicaid paid claims history file for the preceding fiscal year for those qualifying providers, as defined under 1. above and sum the amount of the Medicaid payments. The state will align the average commercial rate for each CPT code as determined in "b." above to each Medicaid claim and calculate the amount that would have been paid using the average commercial rate. The resulting amount is summed for all claims. The state will calculate an average commercial rate conversion factor. The

**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE/TERRITORY-New Jersey**

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES-OTHER
TYPES OF CARE**

Supplemental Payments for Physician and Professional Services at Qualifying
Professional Services Practices (Con't)

average commercial rate conversion factor is the ratio of the sum of the average commercial rate payments to the sum of the Medicaid payments.

d. For each quarter the state will extract paid Medicaid claims for each qualifying provider type, as defined under 1. above for that quarter. Until such time that claims paid under the Office Based Addictions Treatment (OBAT) program are included in the base calculation described in 4c, such claims will be excluded from this extract.

e. The total amount that was paid for those claims is then multiplied by the average commercial rate conversion factor as computed in 2c. above. The amount Medicaid actually paid for those claims is subtracted to establish the supplemental payment amount for the qualifying provider for that quarter.

5. Effective Date of Payment

The supplemental payment will be made effective for services provided on or after July 1, 2022. These rates can be found in the most current MAPS Operations Manual found on NJMMIS.com/Rate & Code Tab.
