MEDICAID ALERT

AUGUST 1992

TO: Providers of Pharmaceutical Services

SUBJECT: Reinstatement of Recoupments

The purpose of this Medicaid Alert is to advise providers of pharmaceutical services of the reinstatement of recoupments against outstanding negative balances (advance payments and claims over-payments). Effective with the payment which will be issued on August 26, 1992, the recoupments will be fifteen percent (15%) of the total dollars paid. Recoveries will remain at fifteen percent (15%) through September 16, 1992 and will change to thirty percent (30%) with the payment issued on September 23, 1992.

This action is taken based on the Division's review of revenues being generated through claims processing activities and the need to assure that actual total revenues do not exceed claims for services.

Your continued cooperation and support of the New Jersey Medicaid program is greatly appreciated.
